

Signs And Meaning In The Cinema

Peter Wollen, *Signs and Meaning in the Cinema*

- 'The aesthetic richness of cinema springs from the fact that it comprises all three dimensions of the sign: indexical, iconic and symbolic. The great weakness of almost all those who have written about the cinema is that they have taken one of these dimensions, made it the ground of their aesthetic, the "essential" dimensions of the cinematic sign, and discarded the rest. [...] **It is only by considering the interaction of the three different dimensions of the cinema that we can understand its aesthetic effect.**'

This is a new and enlarged edition of Wollen's influential and highly-regarded work which explores the way in which a new approach to the cinema can be."This new and enlarged edition of Peter Wollen's influential and highly regarded work explores the way in which new approaches to the cinema can be combined with a new approach to aesthetics.
